  - Two IR pens provided for simultaneous writing/ drawing
  - Automatic or manual calibration for interactive set-up

- Upon request, free of charge wall-mount bracket

A brand of **DELTA**

The DH758USTiR ultra short-throw interactive projector delivers a large image up to 100" image from a distance of about 30cm from the projection surface. The projector delivers a high brightness with 3,500 ANSI Lumens and an outstanding contrast ratio of 10,000:1 for a clear and crisp image. The DH758USTiR offers full IWB functionality with IR pen support and finger touch interactivity thanks to the optional DT01 Laser curtain kit. This finger touch kit enables users just to use their fingers to write, draw, or interact in an intuitive way. The DH758USTiR projector can easily be mounted with the provided wall-mount bracket.
